THE EDITOR HAS HIS SAY

Not much of a say this time. Out more or less on time albeit with 32 pages albeit in full colour though.

I have a few corrections from the March Swiss Express. Firstly the cover picture, although taken on a camera owned by Roger Ellis the actual picture was taken by Liliana Wood. Roger's apology, grovelling in the extreme, has apparently been accepted. Secondly the centre-spread picture by Paul Hannant was taken at Reichenbach. I apologise as I made the error, although I have to say I am surprised no one spotted it. Perhaps you were all too stunned that Swiss Express had finally arrived.

I hope to be at the autumn meet and look forward to seeing many of you there. Several of us have been campaigning for some time to hold an extra meeting during the autumn, please try and make the effort to come along. The more who attend the stronger the argument for holding some more get-togethers where we can discuss our favourite subject in a convivial atmosphere. You will have to ask me what my favourite subject is though.

Finally, long long ago I advertised for a Deputy Editor for Swiss Express. Several responded and are still waiting. I have delegated this to the committee they will be pleased to know. They will be in touch soon I promise, and if there are any others who want to join in I refer you to the advert in the December 2003 advert for details.
