WEBMASTER'S WORDS

Neil Wheelwright

Having recently taken over as Society Webmaster it is probably a good time to remind members of the site's existence. I will be making some changes to the website over the next few months but they will usually be fairly small, and not always obvious. The aim is to make use of the site easier and (to my mind at least!) more intuitive, plus simplifying the maintenance. I would like to modernise the whole design, but my website skills are currently far too limited to try that. However, if someone with website design skills would like to help on a full revamp of the site, then please get in contact (webmaster@swissrailsoc.org.uk).

The main purpose of the site at the moment is an advert for the SRS, but I would be interested to hear suggestions

from the membership on how we can make it useful to you. Note - we do not anticipate having a library of pictures until we can find a cost-effective way of preventing copying!

One feature I would like to implement is a list of transport related events taking place in Switzerland. We know from experience that many events are only advertised locally and often at relatively short notice. However, if members who become aware of events can send me details, I'll put them on the website for the benefit of others. We may not get information early enough for someone to plan a trip, but we should make it easier not to miss an event when you are in Switzerland. Please send the date/time - place/details of where you found the information (e.g., a leaflet or local publication) and any contact information so that members can confirm the event is taking place, e.g., telephone number or website address.
