6. Passengers at Rorschach awaiting the arrival of a late running service to Weinfelden had their attention taken by preserved former Mittel-Thurgau-Bahn (MThB) Ec 3/5 2-6-2T No. 3. Built by SLM in 1912, the locomotive is now operated by MThB Historic Association (VHMThB) and was running round the train of vintage stock that it had worked to Rorschach, presumably on a charter from Romanshorn on Sunday, 24th June 2012.

11. All trains may be stopped south of Fluelen but not everyone is down hearted on the day of the Gotthard rock fall. This group of South Koreans were happy enough entertaining fellow passengers at Arth Goldau.
