\*In the year under review a SAP system was introduced and the chart of accounts was brought in line with the new Switzerland Tourism guidelines. As a result of this the 1999 annual account has been set out in the new format. The figures for the previous year correspond to the financial statements in the 1998 company report. A so-called restatement (restructuring, regrouping) of the figures from the prior year was dispensed with meaning that a comparison of the prior year is not given in all sections.
