Annexe to the Annual Financial Report 1999.

Accounting principles.

Switzerland Tourism as a public body follows the accounting and reporting principles laid out in Art. 957 ff CO (Swiss Code of Obligations) and the applicable regulations of the Swiss Company Law (Art. 662a ff CO). In accordance with Art. 21 of the company statutes, Switzerland Tourism is liable for its obligations to the extent of its assets only.

Contingent liabilities.

Guarantee on behalf of third parties 1998: CHF 1227 000.-. Switzerland Tourism was discharged from guarantees in 1999.

Share of the actuarial underfunding on technical reserves of the Eidg. Versicherungskasse (Federal Insurance Fund) CHF 6 432 500.- The amount frozen at this level is based on a Federal Insurance Fund communication at the time and is interest-yielding. Based on the affiliation agreement of January 23, 1995 the actuarial underfunding on technical reserves is regarded as a contingent liability which will become payable when the affiliation agreement is dissolved. Repayment of the actuarial underfunding remains optional for the term of the affiliation agreement. The Federal Insurance Fund has not, with regard to changing this amount, (both on account of the modification in Switzerland Tourism staffing levels and the investment income earned by the Federal Insurance Fund) to date presented any current calculations to Switzerland Tourism. Annual payment of interest will be effected as before on the amount given above. It is to be assumed that a remaining, pro rata actuarial underfunding resulting from the Federal Insurance Fund's adjustment on technical reserves will have to appear as a liability in the preparation of the Balance Sheet for affiliated organisations.
