Auditors' Report.

Report of the statutory auditors to the Members Assembly of Switzerland Tourism, Zurich.

As auditors, we have audited the accounting records and the financial statements (balance sheet, income statement and appendix/pages 6 to 10) of Switzerland Tourism for the fiscal year ended 31st December 2003.

These financial statements are the responsibility of the Board of Directors, while our responsibility is to express an opinion on the financial statements based on our audit. We confirm that we meet the legal requirements concerning professional qualification and independence.

Our judgment is based on the comprehensive audit conducted by Pricewaterhouse-

Coopers AG and the report they made to the audit team.

This audit was conducted in accordance with auditing standards promulgated by the Swiss profession, which require that an audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement. The auditors examined on a test basis evidence supporting the amounts and disclosures in the financial statements. They also assessed the accounting principles used, significant estimates made and the overall financial statement presentation. They believe that their audit provides a reasonable basis for their opinion.

In our opinion, the accounting records and financial statements comply with Swiss law

and the company's articles of incorporation, as well as the accounting principles set out in the notes to the financial statements.

We recommend that the financial statements submitted to you be approved.
