Notes to 2011 Financial Statements.

Accounting principles

As a public corporation Switzerland Tourism maintains and presents its accounts in accordance with §957 ff. of the Swiss Code of Obligations (OR) and the applicable provisions of Swiss stock corporation law (§662 a ff. OR). Switzerland Tourism is liable for its liabilities to the extent of its assets in accordance with §21 of the organisational charter.

IKS risk assessment

Switzerland Tourism has updated and documented the company risk assessment in the framework of the existing risk management process. This covers all risks that could have a substantial influence on the assessment of the financial statements. Risks are continually monitored and controlled with risk management procedures defined in the framework of the risk management process. The results of this monitoring and control can be seen in the Administration Manual and in the Internal Control System (IKS) folder.

Report of the Statutory Auditors.

Report of the statutory auditor on the financial statements

As statutory auditor, we have audited the accompanying financial statements of Switzerland Tourism, which comprise the balance sheet, income statement and notes, for the year ended 31 December 2011.

Board of Directors' responsibility

The Board of Directors is responsible for the preparation of the financial statements in accordance with the requirements of Swiss law and the company's articles of incorporation. This responsibility includes designing, implementing and maintaining an internal control system relevant to the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Board of Directors is further responsible for selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Swiss law and Swiss Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control system relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control system. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements for the year ended 31 December 2011 comply with Swiss law and the company's articles of incorporation.

Report on other legal requirements

We confirm that we meet the legal requirements on licensing according to the Auditor Oversight Act (AOA) and

independence (article 728 CO) and that there are no circumstances incompatible with our independence.

In accordance with article 728a paragraph 1 item 3 CO and Swiss Auditing Standard 890, we confirm that an internal control system exists which has been designed for the preparation of financial statements according to the instructions of the Board of Directors.

We recommend that the financial statements submitted to you be approved.

The auditors

Daniel Anliker
