SWISS FASHION TEXTILES	Page 25

Forty of the leading Parisian couturiers presented their creations during the displays organized in Zurich by the Swiss Office for the Development of Trade under the auspices of the Syndical Chamber of Parisian Dressmaking. These unique models were specially conceived for, and inspired by, the magnificent materials supplied by the Swiss textile crafts and industries: fabrics, embroideries, laces and millinery braids. As announced in *Swiss Textiles* N° 3/1945, our readers will find in the following pages reproductions of most of these remarkable creations.
