(List established as at 15<sup>th</sup> February 1945 by the Fair's Secretary)

For over a century we have been producing at our mills in Switzerland and abroad Spun Silk yarns for the weaving and knitting industry as well as for the manufacture of sewing silk.

Spun silk yarns are made of *pure silk*.

Thirty years ago we were the first spinners to start making yarns of Rayon staple. To-day this vast field of activity comprises raw, dyed, mixture and speciality yarns for all requirements. The wide experience of over a quarter of a century has gained for us an enviable reputation for these products. Rayon staple yarns produced on the Spun silk process are made of long staple rayon and are therefore of the highest quality. Manufactured goods whether woven or knitted are long-wearing and stand countless washing.

A separate department has been specializing for over ten years in the production of the well known Sisi knitting wools.

SOCIÉTÉ INDUSTRIELLE POUR LA SCHAPPE

BASLE

**SIS**

The background of the entire page is a collection of silk fabric samples. These samples are arranged in a fan-like pattern, overlapping each other. The colors include various shades of brown, tan, and beige, as well as a vibrant red and a light blue. The textures of the silk are clearly visible, showing different weaves and finishes. A white, scroll-like banner is placed over the top portion of these fabric samples.
