The knitwear industry is doing all in its power to enhance the elegance and handle of its products by selecting only high quality yarns. Messrs. Striga S. A. of Basle have placed on the market a yarn called « SWISSANGOR » which is greatly appreciated. This superior quality yarn is manufactured with angora wool from Swiss-bred angora rabbits.

Messrs. **Walter Kundt** of **Elgg** are the oldest established manufacturers of rubberized stockings for varicose veins. These products are the fruit of valuable experience gained over several decades and which no mere theoretical knowledge can equal.

The « **STADELLA** » stockings for varicose veins stand out by their exceptional durability and also because they offer a wide choice of models covering every requirement. The finest-textured model, the « **LASTOFLEX** », can be stretched all ways; these stockings prevent fatigue, keep the legs in good shape and condition, and give the wearer a free and easy walk.

Modern technical equipment guarantees the precise and rational workmanship and, consequently, the durability of all rubberized products manufactured by Messrs. **Walter Kundt**.
