Footwear for the Fall

heel with its successive layers of leather left visible, but worked according to a new process so that the heel is as fine as the stiletto styles. Walking shoes in fact are extremely prominent in the fall collection. For walks,

In all centres that set the fashion in shoes, brown will be the fashionable colour this fall. With dresses, which remain short, it is the pointed, slender pump which is mainly indicated and which sets the tone for the new fashion in shoes. However, here and there a shoe with a slightly oval toe is to be seen: is this the line of the future? The sporting models and smart walking shoes often end in squared toes. In the leathers, preference goes to fine soft calf for pumps, grained or slightly heavy leathers or real pigskin for walking shoes.

For fall is the season that brings out walking shoes, from the very sporting type to the town version, the latter sometimes with a very fine heel. In the way of novelties, let us call attention to the new bootmaker

week-ends in the country, shooting, for all more or less outdoor occasions, women appreciate a comfortable shoe. There are attractive sports models of laced or loafer type shoes in various qualities of tanned and suede leathers, with rubber soles. In this connection let us call attention to the welt collection, which is as smart as ever. With regard to soles, mention should be made of « scalino », a smart but very sturdy thin sole, and the equally thin « Bally Ville », for smart walking shoes which will be perfect for the rainy days of autumn and winter.

Finally, let us not forget the « Miss » collection which is no longer appreciated only by teenagers, but for several years now has enjoyed the favour of women of all ages.
