FEDERAL.

M. MINGER HONOURED.

M. Minger, the newly elected President of the wiss Confederation, received a hearty reception from the population of Schüpfen and Frau-brunnen at a Banquet, which was held in his honour at the "Bären" in Schüpfen.

Amongst the speakers, who congratulated the Amongst the speakers, who congratulated the President on reaching the highest office, which the Confederation can bestow on one of its citizens, were: Dr. Stähli, "Gemeindepräsident;" National Councillor Gnägi, M. Stähli, member of the cantonal government and M. Hofer (Aarberg).

M. Minger who was greatly moved, thanked the population of his native town for the spon-taneous reception accorded to him. He mentioned that one of his first concerns would be the safe-guarding of Switzerland's independance. "I hope," he said "you do not expect any wonders from me, but you can expect, that I shall do my duty, regardless of party interests."

Federal Councillor Pilet, the outgoing Presi dent had sent the following telegram :

" Gestatten Sie mir, dass ich mich der Freude der Einwohnerschaft von Schüpfen anschliesse, der Einwonnerschaft von Schupfen anschnesse, die Sie als treuen Führer und Freund feiert, den zur höchsten Amtswürde aufgestiegenen echten Sohn des Laudes, des währschaften, schönen Bernbiets. Empfangen Sie meine herzlichsten Wünsche, dass es Ihnen vergönnt sein möge, die schwere Aufgabe zur Ehre und Würde unseres Biehen Vaterlandes un gefüllten ". lieben Vaterlandes zu erfüllen.'

NEW YEAR'S RECEPTION AT THE FEDERAL PALAIS

M. Minger, President of the Swiss Confedera-tion has received on New Year's day, representa-tives of the Bernese cantonal government, as well as the heads of the town authorities. Later on the Diplomatic Corps was received.

SECOND NATIONAL PARK FOR SWITZERLAND.

It is hoped that, as a result of negotiations now going on between the Government of the Valais Canton and the communes and private landowners, Switzerland will be given by next year a second national park.

Last year, thanks to the efforts of the Swiss League for the Protection of Nature, the Aletsch Forest, on the left bank of the Aletsch Glacier, was purchased and transformed into a reserve in which hunting, cattle-grazing, wood-cutting, and plant collecting are prohibited. The Aletsch Forest was thus saved and the existence of its centuries old pines assured.

In the summer, at the league's suggestion, the Valais Cantonal Government created a re-serve on the southern flanks of the Bernese Alps, extending from the southern entrance of the Loetschberg Tunnel to the Finsteraarhorn and Aletsch Forest, about 25 miles long and eight miles wide. It includes several high peaks, such as the Bietschorn and Aletschorn, as well as the Aletsch and Fiesch glaciers, thus forming a terri-tory where game will multiply undisturbed. Recently also the Cantonal Government of Berne approved the creation by the Oberhasli Electric Power Company of another reserve of 45 square miles, including the mountains and glaciers extending from the Finsteraarhorn and Lauteraarhorn to the Unteraar glacier, and from there to the peaks situated on the eastern side of the Grimsel Pass. In the same region farther north there is also a reserve extending from the Faulhorn — near the Lake of Brienz — to the Urbach Valley, and including the Wetterhorn and Engelhörner.

These three reserves are so near each other that it has been suggested that they should be united in one single reserve, which would be big-ger than the National Park in the Engadine and more central.

SWISS PATRON SAINT'S RELICS TRANSLATED.

In the presence of the Bishop of Chur, the civil authorities of several Cantons and a great number of people, the mortal remains of Niklaus von der Flüe – Switzerkand's national hero – have been solemnly transferred into a new shrine in the parish church at Sachseln (Canton of Unterwalden).

On this occasion, M. Philipp Etter ,one of the two Catholic members of the Swiss Federal Government, speaking on its behalf, recalled Niklaus' life and everlasting merits and set him as an example to the present generation.

SWISS EXPORTS TO GERMANY.

An official statement issued by the Swiss Government is largely inspired by the uneasiness expressed by certain countries, particularly Czechoslovakia, at the considerable exports to Germany from Switzerland of scrap material which can be utilised in the manufacture of explosives.

Trade relations between Germany and Swit-zerland are regulated by a compensation agree-ment which fixed quotas for Swiss exports to Germany.

The communique draws attention to the here communique traves are not to the hervy exports of certain scrap material which, in November, were seven times as great as in October, and reminds exporters that these exces-sive totals are not covered by the compensation agreement.

The Berne " Protocols" trial, which was to The Berne "Protocols" that, which was to have been resumed this week, has been postponed till January 15th, at the request of Lieut-Colonel Fleischlauer, of Erfurt, who was nominated by the defendants as their expert in order to support the contention that the "Protocols" are genuine. Here Fleischauer appeared before the Court to ask that the handing over of his expert opinion be postponed until February 15th, but the Presi-dent, Judge Meyer, agreed to an extension of one month only. Following the recent events in Zürich, the Zürich Police Director has expressed strong con-demnation of the anti-Jewish incitement. It was
