ICME 5: ADELAIDE, 1984

The Fifth International Congress on Mathematical Education will be held in Adelaide, South Australia, from 24 to 30 August 1984. Program Information is obtainable from ICME 5, GPO Box 1729, Adelaide, South Australia.

WARSAW SYMPOSIUM, 1983

The symposium arranged to coincide with the ICM planned to take place in August, 1982 will, like the ICM itself, now be held in August 1983.

The dates of the ICM are 16-24 August and of the ICMI Symposium 16-19 August. The theme of the symposium is "What should be the goals and content of general mathematical education?" The symposium will be chaired by Professor H. G. Steiner, IDM, Postfach 8640, D 4800 Bielefeld 1, Federal Republic of Germany, and Professor A. Z. Krygowska, ul. Oleandry 6m. 6, Krakow, Poland.

ICMI — JSME REGIONAL CONFERENCE ON MATHEMATICAL EDUCATION

This conference, organised by the Japan Society of Mathematical Education and ICMI, in connection with UNESCO, the National Institute for Educational Research of Japan and the Mathematical Society of Japan, will be held in Tokyo from October 10 to 14, 1983.

The general theme is "School Mathematics in and for changing societies" and particular problems to be explored are the increase in mathematical competence required of today's citizens, new fields of application of mathematics,

developments in technology affecting the content and methods of mathematics curricula, and the "student explosion" to be found in many countries.

The working languages of the conference are English and Japanese.

There will be some plenary lectures but much of the meeting will be devoted to working group sessions. Speakers include T. Kawaguchi (Japan), B. F. Nebres (Philippines) and B. Christiansen (Denmark).

The Secretary of the Conference, from whom further details can be obtained, is Mr. T. Sawada, ICMI-JSME Conference, National Institute for Educational Research, 5-22 Shimomeguro 6-chome, Meguro-ku, Tokyo 153, Japan.

SEAMS

Preliminary plans have been made for the Third Southeast Asian Conference on Mathematical Education to be held in Thailand during the last week of May, 1984. The Conference Secretary is Dr. S. Nualtaranee of Chulalongkorn University.

PME

The International Group for the Psychology of Mathematics Education, known as PME, was formally brought into existence at the Third International Congress on Mathematical Education held in Karlsruhe, West Germany in 1976 and, at that time, became one of the groups affiliated to ICMI.

The seventh PME conference will be held in Jerusalem, Israel, from July 24-July 29, 1983 and the eighth in Australia to coincide with ICME 5 in 1984.

Requests for the second announcement of the VIIth PME Conference to be held in Israel this year should be sent to Rina Hershkowitz, Department of Science Teaching, The Weizmann Institute of Science, 76100 Rehovot, Israel (cable address WEIZINST/HERSHKOWITZ, Telex 31900 IL).
